

Test and Trace

GUIDANCE FOR USERS OF THE WINDMILL ALL-WEATHER COURT

You **MUST NOT** use the Windmill all-weather court or watch as a spectator if you have any of the following COVID-19 symptoms:

- a high temperature
- a new, continuous cough
- a loss or change to your sense of smell or taste

For your own safety and the safety of others

1. The goals, playing area and fencing are checked regularly for damage, wear and tear, but are not sanitised or disinfected.
2. Use your own individually named hand sanitiser before entering the all-weather court and when you leave at the end of your booking.
3. Use your own individually named water bottle and leave it at a safe distance from other water bottles.
4. Wipe down frequent touch points such as the players' entrance, padlock and lighting box before and after use.
5. The organiser of the booking must complete an attendance register of all users during the time of the booking including the name and contact number of all players and retain the record for 21 days for NHS Track and Trace.
6. This is a shared sports area and is used at your own risk.

Thank you for your co-operation
